Built Up Handle Grips

To increase participation in activities at the sandbox, attach foam to the handles of plastic flour scoops and enable students with limited grasp to dig or move sand independently. To increase student participation in activities involving playdoh or clay, add foam to the handle of a plastic pizza cutter.

Idea from Project Participate, University of Colorado Health Science Center, 4200 E. 9th Avenue, C268-20 Denver, CO 80262 Phone: 303-315-2318 Fax: 303-315-5641 email: info@projectparticipate.org
